

**LIBERTY TOKENS**

OFFICIAL WHITEPAPER

# INTRODUCTION

Liberty Tokens DAO LLC is the 66th registered DAO LLC in the state of Wyoming. This means that our tokens are community driven, contracts are algorithmically managed, and our development team members are protected under business law.

Liberty Tokens is a diverse ecosystem built on the Binance Smart Chain designed to reward and enable holders to accumulate multiple Crypto Assets with every transaction.

# ABOUT LIBERTY TOKENS

## Leveraging Innovative DeFi

Providing holders next generation financial technology with multiple streams of growth. The potential for significant growth of wealth is made easy through our portfolio of tokens.

Initially launching with Ethereum, Liberty Tokens is a hyper-deflationary token with dual reflections. It provides accumulation of wealth in a primary asset and BUSD, which will further increase the value of the holder's portfolio.

# HOW TO GET STARTED

Determine Token Investment

Research Liberty Tokens for alignment with investment strategy

Reflections

Each transaction within our lineup of Liberty tokens rewards with 2.5% of the native asset and 2.5% of BUSD
